

Approved by Rector's directive No 15 of 22 April 2026

In force from: 22.04.2026

### **Admission Calendar for First and Second Level Studies in the Academic Year 2027/2028**

Pursuant to subsection 2 (2) of Regulation No 1 of 15 February 2022 of the Senate of Tallinn University of Technology "Requirements for the Admission to the First and Second Level of Studies at Tallinn University of Technology",

1. I hereby establish the admission calendar for first- and second-level studies in the academic year 2027/2028 as follows:

#### **Submission of applications and other documents required for admission by foreign nationals to study programmes taught in English via the international student admission information system**

##### **DreamApply:**

1 February – 22 March	by third-country nationals
1 February – 1 May	by the citizens of the OECD member states, Ukraine and Georgia and third-country nationals, who have a legal basis for staying in Estonia
1 February – 1 June	by the citizens of the EU/EEA and Switzerland
1 February – 1 August	to study programmes of the School of Business and Governance by the citizens of Finland, Latvia and Lithuania

Admission tests for foreign nationals applying via DreamApply will take place during the admission period by agreement with the programme director.

#### **Submission of applications and other documents required for admission by permanent residents of Estonia and by foreign nationals to study programmes taught in Estonian:**

1 March– 5 July at 12.00 (midday)	submission of applications via the admission information system SAIS
29 June– 5 July at 12.00 (midday)	reception of applications and documents on site at Tallinn University of Technology (TalTech)

#### **Admission tests for persons applying via the admission information system SAIS**

1 March– 28 June at 12.00 (midday)	registration for the mathematics and Estonian language admission tests for applicants to first-level studies
5. – 11 April	first period of admission tests; registration in the admission information system SAIS
10. – 16 May	second period of admission tests; registration in the admission information system SAIS
28 June	mathematics counselling for applicants who have registered for the admission test by the deadline
29 June	admission test in mathematics for applicants who have registered for the admission test by the deadline
30 June	admission test in the Estonian language for applicants who have registered for the admission test by the deadline
7. – 11 July	third period of admission tests; registration in the admission information system SAIS

**Receiving and confirming an offer of a study place\*, matriculation, the pre-week**

1 February – 15 August	study places are offered to international applicants who have applied via DreamApply and meet the requirements
1 March – 12 July	in study programmes with threshold-based admission, study places are offered to applicants who have applied via SAIS and meet the requirements
7. – 12 July	in study programmes with admission limits, study places are first offered to applicants who have applied via SAIS and meet the requirements
12 July	deadline for applicants entitled to a free study place to confirm exmatriculation from a previous free study place in order to receive an offer of a free study place
14 July	deadline for applicants who have been offered a study place via SAIS before 14 July to confirm their study place
13 August	deadline for offering study places to applicants who have applied via SAIS and meet the requirements, for filling vacant study places in study programmes with admission limits**
15 August	deadline for applicants entitled to a free study place to confirm exmatriculation from a previous free study place in order to be matriculated to a free study place
17. – 24 August	matriculation of admitted applicants***
20 August	deadline for international applicants who applied via DreamApply to confirm their study place
23 August	beginning of the pre-week (incl. introductory lectures on TalTech and academic policies) for students admitted to daytime studies in bachelor's, integrated and professional higher education programmes for the 2027/2028 academic year

*\*If graduation from an educational institution abroad takes place after 5 July 2027, an applicant who has submitted an application and the required documents by the deadline and whose application status in the admission information system SAIS is "conditional admission" will be offered a study place on the basis of the submitted graduation certificate and recognition by the ENIC/NARIC Centre until 13 August 2027.*

*\*\*An applicant who has been offered a study place must confirm it by the deadline indicated in the notification sent via SAIS.*

*\*\*\* Matriculation of international applicants to study programmes taught in English takes place until the deadline for submission of the semester's individual study plan or, based on the dean's decision, until 15 September, except for the MVGN study programme, for which matriculation may take place until 30 September.*

**Additional admission to the Entrepreneurial Management MBA study programme**

23 – 31 August	submission of applications and other documents* required for admission by citizens of Finland, Latvia and Lithuania via the international students admission information system DreamApply, and by permanent residents of Estonia via the admission information system SAIS
24. – 30 August	period during which the admission test takes place
31 August	study places are offered to applicants who meet the requirements
2 September	deadline for confirming the study place
6 September	deadline for matriculation of admitted applicants

*\*incl. recognition by the ENIC/NARIC Centre of the required qualifications by the application deadline if higher education was not acquired in Estonia.*

2. The directive shall enter into force upon signature.
